

*Art* AND THE **ANIMAL**   
*Enriching the lives of our children through art*

The Greenacres Foundation is proud to present *Art and the Animal*, a prestigious and one-of-a-kind art exhibition. Art and the Animal features the works of wildlife artists who are members of the Society of Animal Artists. The show travels to only six U.S. cities throughout the year and is comprised of more than 60 pieces of juried flatworks and sculptures. The exhibition will be on display at the Greenacres Arts Center August 26 through October 29.

We are pleased to have Mr. and Mrs. John Ruthven serve as Honorary Chairs of the exhibition.

Cincinnati philanthropists Louis and Louise Nippert established the Greenacres Foundation in 1988. What began as a simple farm whose purpose was to educate children and preserve a natural habitat, has grown into a unique collection of facilities and land that educates, enhances and enriches the lives of local school children. The Greenacres Arts Center follows the mission by providing an integrated arts experience for area students. Specialized and unique programming engages the children in music, visual arts, drama and dance in a pastoral setting.

Proceeds from the Art and the Animal exhibit will be directed to a restricted fund providing student transportation to and from Greenacres. We ask you to help grow this fund by sponsoring a bus. Sponsor A Bus is a wonderful opportunity to directly contribute to the student's transportation fund. Included in this invitation is a card outlining numerous levels of school bus sponsorship. All supporters of Sponsor A Bus will be eligible to win a three-night stay for four at the Gasparilla Inn, Boca Grande, FL.

Thank you for your support as we continue to enrich the lives of our children through art and nature.
