

GREENACRES EQUINE CENTER Pony Club Riding Center

- Established as a recognized US Pony Club Riding Center in April of 2009.
- The USPC Riding Center Program is designed to work with equestrian facilities that have a current riding lesson program, and provide them the opportunity to offer the Pony Club program through their facility. The intent of the program is to make available Pony Club membership to youth who would not traditionally have been able to participate in Pony Club due to not owning or having consistent access to a mount.
- Pony Club Mission:
“To provide a program for youth that teaches riding, mounted sports, and the care of horses and ponies, thereby developing responsibility, moral judgment, leadership, and self-confidence.”
- Pony Club members through the Riding Centers have access to all the opportunities and activities that USPC provides for its members, including Clinics, International Exchanges, National Youth Congress, Championships, College Scholarships, and so much more!
