# GREENACRES SUMMER CAMPS

**THE PLACE TO BE!**

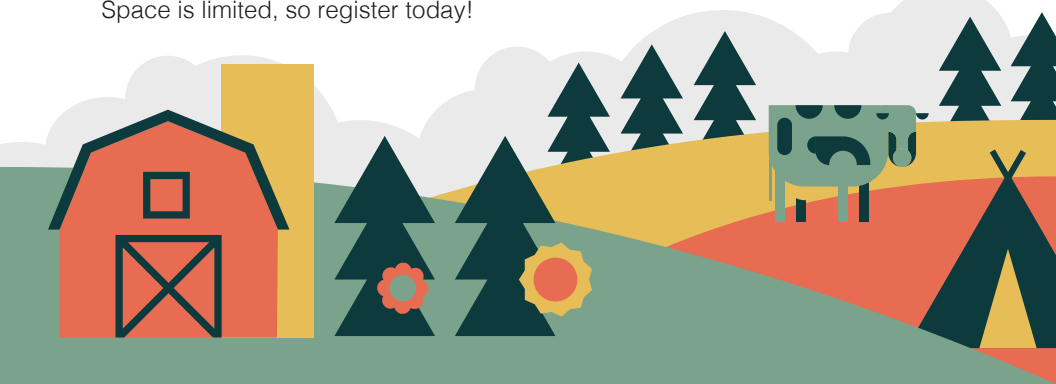

Summer camps at Greenacres offer fun for every personality. Whether it's an art camp for your budding Picasso, horseback riding for your animal lover, a farming experience for your green-thumb, or a survivalist camp for your young adventurer, there's a Greenacres camp that will fill your child's summer with joy and memories. Each camp is tailored to be age appropriate and led by our caring and professional staff.

## CAMP EDUCATORS

Camps are led by our full-time educators, instead of seasonal instructors, which means your children will get to experience Greenacres to the fullest. They are experts in their fields of study and are passionate about making education something that is fun and memorable for all ages. Instructors have gone through extensive background checks and routinely train for certifications like First Aid and CPR.

## LEADERS IN TRAINING

The Leaders in Training (LIT) Program is an opportunity for former campers to develop their leadership skills all while sharing their experience and enthusiasm with the next generation of campers at Greenacres. Those accepted into the program have the opportunity to participate in a group leadership workshop and will receive one-on-one mentoring while working alongside our educators. To apply, sign-up online at [www.green-acres.org/camps](http://www.green-acres.org/camps) by April 26th, 2019. Space is limited, so register today!

## ATTENDING CAMP

- We ask that campers be dropped off no earlier than 15 minutes before the camp's scheduled starting time and that pickup occurs reasonably at the scheduled end time of each camp.
- Closed-toe shoes are required and we ask that parents make sure their child is dressed appropriately for the weather and camp's activities.
- If your camp spans the normal lunch hours, please provide your child with a packed lunch each day.
- Sunscreen and bug spray are highly recommended for outdoor camps. Our staff may not assist in applying them, so please make sure you have made the necessary preparations. Children may not share with other campers due to concerns of allergic reactions.
- We highly recommend sending your campers with a refillable water bottle.

# ABOUT GREENACRES FOUNDATION

## A PIECE OF CINCINNATI'S HISTORY

Louis and Louise Nippert purchased the land known as Greenacres Farm in 1949 and operated it as a gentleman's farm for many years. In 1988, wanting to give back to the community, they founded Greenacres Foundation with the intent to preserve the land for the education and enjoyment of future generations. With its 600 pristine acres in Indian Hill, Greenacres truly offers something for everyone. From exploring preserved forests and creeks, capturing beauty in music and artwork to discovering secrets of farming and gardening.
